

WHO WE ARE

Edinburgh Community Yoga take the therapeutic benefits of yoga to communities in Edinburgh, ensuring access and inclusion, by working across the cultural, economic and health barriers that inhibit people from taking part.

We aim to provide a learning environment that is safe and supportive, and to equip people with the skills to deal with stress, and improve their health and mental wellbeing.

We achieve this as a not-for-profit organisation by offering a range of public and corporate classes, retreats, teacher training and trauma informed outreach projects.
